

**OVAL**

DISPLAY CASE      MUSEUM OF LONDON

An effective way to house and highlight a product or exhibit in an oval shape (900mm x 600mm).

**SPHERE**

TONY OURSLER      LISSON GALLERY

A 1.2m diameter sphere becomes a moving eye-ball when a video projector is played on it.

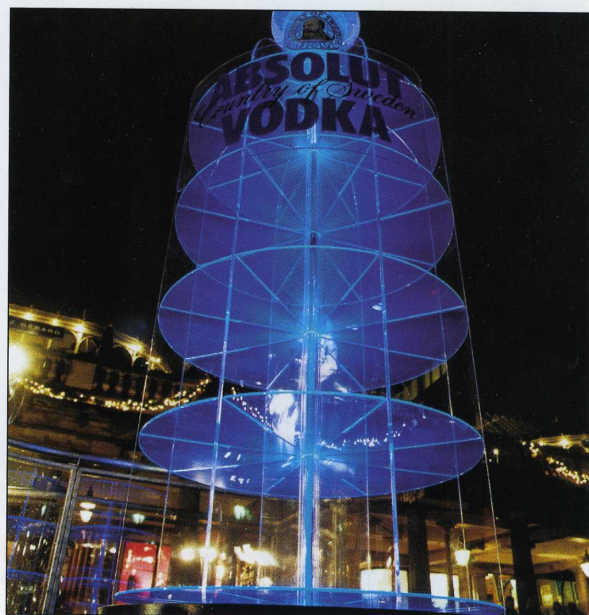

**GLOBE**

DISPLAY HELMET      VIDAL SASSOON

Moulded globes with apertures, in one piece from 200mm diameter up to 600mm in clear and opal.

**GENERAL FABRICATION**

ABSOLUT VODKA      SHAIN CLARKSON

A clever use of edge-lit acrylic produced this 2.4 metre high Xmas tree display.
